**IN THE CLAIMS**

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

Claims 1-20 (*Canceled*)

Claim 21. (*New*) A pen for inducing a mental thought comprising:

a writing portion having a reservoir of ink, and an ink transferring point;

a housing for receiving said writing portion internally;

wherein said housing is adapted to allow said ink transferring point to extend beyond externally thereof; and

means for emanating an aroma from said housing;

whereby the aroma is sensed and a thought associated with the aroma is generated in the mind of a user.

Claim 22. (*New*) The pen according to claim 21, wherein said housing is barrel-shaped having an axial bore and two ends, said reservoir is disposed in said axial bore internally of the housing, and said ink transferring point extends externally from one of said ends.

*Application Serial No.: 10/618,312*  
*Art Unit: 3751*

*Attorney Docket No. 20915.00*  
*Confirmation No. 4754*

Claim 23. (*New*) The pen according to claim 21, said housing further including a retractor;

wherein said housing is barrel-shaped having an axial bore and two ends, said reservoir is disposed in said axial bore internally of the housing, and said retractor is disposed at one of said ends, and is coupled to said reservoir, said retractor moves said reservoir along said axial bore, such that said ink transferring point is moved through the other end of said housing so as to extend externally from said housing at said other end in a first position, and to retract internally in said housing.

Claim 24. (*New*) The pen according to claim 21, wherein said means for emanating is embedded in said barrel-shaped housing.

Claim 25. (*New*) The pen according to claim 21, further comprising a resilient gripping member adjacent a circumference of said barrel-shaped housing;

wherein said means for emanating is embedded in said resilient gripping member.

Claim 26. (*New*) The pen according to claim 21, further comprising a shell substantially encapsulating said barrel-shaped housing;

wherein said means for emanating is embedded in said shell.

Claim 27. (*New*) The pen according to claim 21, further comprising indicia disposed on said housing for conveying a written message associated with the aroma.
